

NIKHIL AGRAWAL

Software Developer (Fresher) — Java | Python | AI/ML | Web Development

Mathura, Uttar Pradesh | +91 7565951601 | nikhil.agrawal_cs23@gla.ac.in

LinkedIn: linkedin.com/in/nikhil-agrawal-58734b2a2

PROFESSIONAL SUMMARY

Computer Science and Engineering student with hands-on experience in Java, Python, JavaScript, AI/ML, responsive web applications, REST APIs, and database-driven systems. Experienced in building PWA and AI-powered applications using React, FastAPI, Firebase, PyTorch, and modern development tools. Strong problem-solving skills demonstrated through 250+ DSA problems and hackathon finalist experience.

TECHNICAL SKILLS

- Programming Languages: Java, Python, JavaScript, TypeScript, SQL, HTML5, CSS3
- Web Development: React.js, Next.js, Tailwind CSS, Responsive Web Design
- Backend: Node.js, Express.js, Spring Boot, FastAPI, REST APIs, API Integration
- Databases: PostgreSQL, MongoDB, Firebase Firestore
- AI/ML: PyTorch, NLP
- Tools: Git, GitHub Actions, VS Code
- Core Concepts: Data Structures & Algorithms, Object-Oriented Programming

INTERNSHIP / TRAINING EXPERIENCE

AI & ML Internship — Codomax Digital Solutions Sep 2026

- Developed Python-based mini projects and applied programming concepts including variables, loops, functions, and lists.
- Performed data analysis and visualization using Pandas, NumPy, and Matplotlib, including dataset exploration, cleaning, and visualization.
- Built and tested Machine Learning models using Scikit-learn and completed a final AI/ML project with GitHub-based project submission.

JOVAC — Job-Oriented Value-Added Course, Web Development Track Jun 2025 – Jul 2025

- Developed a full-stack capstone application using React.js, Node.js, Express.js, and MongoDB.
- Covered frontend development, backend development, REST API design, and Agile workflows through hands-on training.
- Applied Git-based development practices during project implementation.

ACADEMIC PROJECTS

Oswal Point Centre — Enterprise PWA Sep 2025 – Present

- Developed an enterprise Progressive Web Application for QR-code-based product tracking and warranty management.
- Integrated Firebase Firestore for real-time data synchronization, authentication, and secure administrative controls.
- Built responsive interfaces suitable for browser and PWA-based usage across desktop and mobile devices.

Image Caption Generator — AI Web Application Aug 2024 – Dec 2024

- Developed an AI-based image captioning application using PyTorch, combining computer vision and NLP to generate natural-language descriptions.
- Built a FastAPI backend for image submission and caption generation and integrated it with a React frontend.

Personal Portfolio Website — Responsive Web Application 2025

- Designed and deployed a responsive portfolio website showcasing projects, technical skills, achievements, and certifications.
- Implemented responsive layouts and interactive sections for a clean, recruiter-friendly presentation.

CERTIFICATIONS & ACHIEVEMENTS

- AIML Project Based Learning — Certificate of Achievement, KVCH in association with GLA University (Jun–Jul 2025).
- 2× Hackathon Finalist — Code for Bharat and Odoo hackathons.
- Solved 250+ Data Structures & Algorithms problems across LeetCode and GeeksforGeeks.

EDUCATION

GLA University, Mathura, Uttar Pradesh 2023 – 2027

B.Tech in Computer Science and Engineering

KEY COMPETENCIES & PERSONAL DETAILS

Core Skills: Problem-Solving, Critical Thinking, Adaptability, Team Collaboration, Time Management

Languages: Hindi (Native), English (Professional)
